“Empowering Man to Work”

East West Human Resource Center Ltd, recognizes the global need for employment. We want to provide our clients with world-class, personalized service and to Bangladeshis the opportunity to work overseas.

To achieve this aim:

- Continually provide our clients with worker who are **competent, reliable** and **dedicated**
- Help Bangladesh enhance their competence thereby raising the competitiveness of the workforce
- Constantly work alongside with government agencies in the welfare of our clients and workers

“We Think Ahead to Stay Ahead”

East West Human Resource Center Ltd. shall be the undisputed Leader in the country’s Recruitment Industry by continually providing our clients with world class service and competent workforce, by constantly upgrading its facilities and systems and by strengthening ties with our clients.

East West is an advocate of the Bangladeshi workers and believes in their innate capabilities and their desire to work, and we intend to bring the Bangladeshi workers to every corner of the world to make them more competitive in the global market.

About Us

Established in 2006 **East west Human Resource Center Ltd**, which is based in Dhaka, Bangladesh, provides manpower to clients of EWHRCL. East West recognizes the scarcity of skilled workers and the growing demand by employers for **Skilled categories**. East west has designed solutions targeting specific client requirements and is taking pro-active steps to recruiting.

EWHRCL has well trained Representatives in all **64 Districts and Industrial areas to source experienced candidates.**

☐ Mobilization

- EWHRCL maintains a large computerized database of applicants for easy reference.
- We currently have **over 15,200 active jobseekers** in our database who applied through our website **www.bdeastwest.com**

And the number is increasing everyday.

In a few months time, our clients will be able **to view our 'Screened Database', Download CVs** and **Shortlist** the candidates of their choice from our portal.

SERVICES

Trade Test

The company has technical and medical evaluators who can pre-screen the applicants. For trade testing, we rely on our certified personnel.

Pre-Screen

EWHRCL is staffed with qualified Technical Evaluators with long experiences in the Middle East. If the client sends representatives, the number of applicants we normally pre-screen and line up is 3 times the number that they require, unless otherwise specified by the client.

Apart from that, our Technical Evaluators Pre-Screen every single applicant who apply through our website and send them in to our 'Screened Database'.

SERVICES

❑ Selection

EWHRCL has a highly qualified technical team who can perform the selection of workers in behalf of the clients. Some of our clients prefer that we conduct the selection for them. The company takes full responsibility for the qualifications of each worker that it selects.

In 2014 & 2015, J&P, Oman has employed 200+ personnel selected by EWHRCL with zero complain.

❑ Travel Documents Processing

EWHRCL also assists in the processing of the applicants' documents, like their passports, Smart Card, Medical, Police Clearance and the likes, to expedite their deployment. This is hastened by the assistance of our Liaison Officers to various institutions and government offices.

SERVICES

❑ Reports

EWHRCL regularly sends its clients various weekly reports to help them monitor the progress of the recruitment. We also answer all client queries within a span of 24 hours after receiving such queries.

After a project's completion, the company submits a final report to the client, which indicates visa and ticket utilization with the corresponding applicant names and the date of deployment.

In near future, all these reports will be available to our clients anytime through our interactive website. Queries and other correspondences can be facilitated in the website.

❑ Deployment Notification

The workers' flight schedules are forwarded to their respective employers three days in advance. Employers are immediately notified of any changes. EWHRCL also notifies the employers of the categories, salaries, blood groups, photo and EW Jackets along with other information.

SERVICES

❑ Pre-Flight Briefing

The company has had a PR Section to address our relations with the deployed workers on a more personal level.

Our pre-departure orientations impart to the workers how to manage employer-worker problems or disputes to keep it from escalating.

We also brief them regarding their Travel Plan, Emergency Contacts, Culture & Customs of the destination country, Working Environment and so on.

❑ Airline Tickets

The clients may either send the PTA or have EWHRCL purchase the tickets locally in their behalf. We can acquire the tickets here directly from the various airlines affording our clients more favorable rates and booking privileges.

SERVICES

❑ Client Accommodation

EWHRCL maintains corporate accounts in various Five Star and Three Star hotels at discounted rates close to corporate office and training center.

❑ Airport

EWHRCL has Public Relations Officers to assist our clients in their Accommodations and chauffeured service to and from the airport.

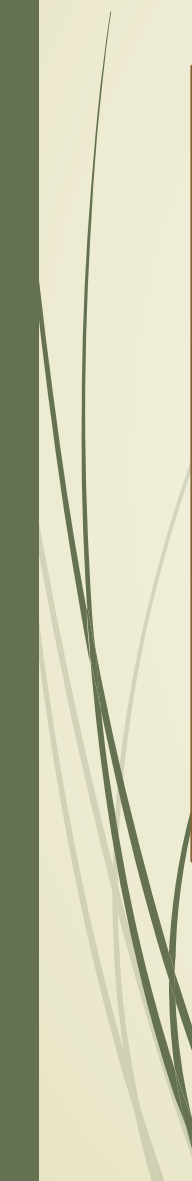

❑ Deployment Period

EWHRCL requires a lead-time of **30 working days** for deployment of required workers **after receiving E-Wakala** from the employer.

Up until 2016, East West

Information Systems

The company's information system is the key to providing fast, accurate and reliable service.

Its network of over 35 computers is protected by a comprehensive virus defense system, spam filter and firewall.

Its high speed server allows jobseekers to log in, post CVs and the company's Mobilization team to download, screen and upload interview data at the same time.

Interview Management System (IMS):

EWHRCL uses its own purpose built application for Interview and Selection. The IMS automatically generate reports at the end of each interview session with all particulars including candidate details, grade achieved, offered salary, etc. and can hand over the report to the delegates right after the interview session.

Recruitment Management System (RMS):

The RMS is a fully integrated database system lined with 'Interview Management System' (IMS). This system manages information from all stages of the recruitment process, from recruitment to pre-screening, processing, medical fitness status to deployment. Utilizing the RMS, the processing time has been dramatically cut down.

✓ Website

The website (<http://www.bdeastwest.com/app>) allows applicants to view and apply current vacancies.

- Clients will be able to view available categories (under construction).
- Clients will also be able to download requested CVs through the website in a couple of months.
- It will later be redesigned to become interactive and integrated to the RMS, which is currently undergoing extensive development.
- They will be able to view various, visa utilization and final mobilization.
- Clients will even be able to post complaints, queries and comments online and we will respond within 12 hours.
